AgTech REEU

Developing the future workforce for next-generation agriculture

AgTech REEU is a Research and Extension Experience for Undergraduates (REEU) Program funded by the USDA and focused on innovative technologies that support sustainable agriculture and development.

Program highlights:

- An 8-week summer internship with $500/week stipend, travel to TAMU-CC, on-campus housing and meal allowances ($140/week).
- Webinars during spring semester.
- Conference opportunities and travel support.
- Training with extension experience, field trips, workshops, guest speakers, and hands-on activities.
- Research topics focused on Internet of Things (IoTs), Unmanned Aircraft Systems (UAS), and Geospatial data analytics.

Eligible applicants must:

- Be U.S. citizens or permanent residents
- Enrolled in an undergraduate degree program at a community college or four-year university
- Majoring in STEM, Agriculture, or related field of study
- Have cumulative GPA of 2.8+

Students from underrepresented groups are especially encouraged to apply.

Application deadline is Feb. 15, 2025
